

Keeping Our Shop In Tune

...and protecting Michigan rivers!

We are doing our part to protect Michigan rivers and help our community comply with the Clean Water Act.

Our shop is striving to be a water quality friendly business, which means we are being environmentally friendly in the way we:

1. Change automotive fluids
2. Work on transmissions, engines, and miscellaneous repairs
3. Prevent leaks and spills
4. Clean up spills
5. Identify and control wastewater discharges
6. Fuel vehicles
7. Remove and store batteries
8. Clean parts
9. Grind and finish metal
10. Store and dispose of wastes
11. Select and control inventory
12. Maintain automobiles and outdoor parking
13. Wash vehicles and steam clean engines
14. Educate employees and customers
15. Prevent entry of chemicals into the storm drain
